

Raafres AQ[®]

A high technology
additive for growth in
Aquatic Animals

**The complete Feed & Gut Acidifier
with Sustained Release Properties**

**Non-Antibiotic
Growth Promoter**

Raafres AQ[®] - Recommended by :

- Central Institute of Fisheries, Mumbai, India.
- Fisheries Biotechnology Unit, National College, Kerala.
- Dept. of Aquaculture, Bangladesh Agricultural University, Bangladesh.

Raafres AQ[®] - Why to Use ?

- Reduces pH in feed and GI tract and destroys pathogens.
- Acid hydrolysis of feed released nutrients for digestion.
- Protects enterocytes and limits bacteria from intestinal content towards animal tissues.

Raafres AQ[®] - Advantages :

- Organic acids in Raafres AQ destroys the pathogens and keeps sanitized environment in feed and GI tract.
- Raafres AQ with inbuilt energy value 1597 Kcal/Kg conc. with organic acids sanitizes the entire environment of GI tract promotes beneficial cell development, improves feed intake, villi length, FCR & livability.

FCR Improvement : 70 point (2.5 ro 1.8)

Livability Improvement : 9.1% (88-96)

Weight Gain : 46%

Raafres AQ[®] - Suggested Usage :

- **For use in Aquaculture Feeds** : 500gm/ton of Feed
- **Active Ingredients** - Organic Acids Propionates, Benzoates, Sorbates & Formates with B-Glucan and Mannan Oligosaccharaide and base for sustained release properties.

Presentation

10kg & 25kg

Raafres AQ[®] - Registered by :

- Coastal Aquaculture Authority (CAA) under Antibiotic-free Aquaculture.
Reg. No. CAA/F16/CHEM/00107
