# TOXICURB forte

## Curbs the multiple range of mycotoxins

**Toxin binder and potent mold inhibitor treated with synergistic blend of organic acids propionates, benzoates, sorbates and acetates with MOS &  $\beta$ -glucan**

### Advantages:

- ▶ Binds multiple toxins present in the feed
- ▶ Reduces moisture & makes feed free flowing
- ▶ Excellent mixing and distribution in the feed
- ▶ Improves performance of vital organs
- ▶ Improves immunity & feed intake
- ▶ Non-corrosive to equipments

### Usage:

Broiler & Layer feed: 500 Gm to 1 Kg per Ton of Feed.

Ducks & Geese: 1- 2 Kg per Ton of Feed.

Other Livestock (Cattle & Pig Feed): 1 Kg per Ton of Feed.

Double the mixing level if moisture level in feed is more than 15%

**Presentation: 25kg bag**
